WAINWRIGHT, WEDNESDAY NOVEMBER 26th, 1947

## GOOD LUCK TO THEM

This week we would like to pause for a second from the worldly and lesser topics to wish our future queen and her husband the very best of luck in their recent marriage. History was made last week when Princess Elizabeth said "I will" to the Duke of Edinburgh, formerly Lieut. Philip Mountbatten.

Never has there been so much publicity given to a wedding as to this one, and it is rightly so. Princess Elizabeth has won the admiration of people all over the world and on taking a husband the best wishes of the world go with the happy couple. No doubt this admiration has been won by her easy manner and her friendly personality which radiates from her at all times.

We would like to take this opportunity of joining with the people of this district in wishing them the very best and may their life be filled with happiness, joy and contentment 'til the end of their days.

## ON EDITORIALS

It would appear that some people do not know the purpose of an editorial. There are papers in Canada today which are bought mainly for their editorials and their editors' comments. For this we are not noted and hold no distinction. However, a newspaper which is worth its salt must have a policy and that policy should be expressed in every issue on affairs of current interest. A paper without an editorial has as much resemblance to something stultified as a person without a backbone.

However, there never was and likely there never will be an Editor who has 100% of his readers thoroughly convinced on the Editor's point of view, but an Editor being only human, should be allowed his say and as long as libelous statements are not made and the truth is not twisted to infer something altogether different, he will have little to fear. Readers who are not in full accord with an editor's point of view may have their say under another column entitled "Letters to the Editor." This column which appears in all newspapers in a democratic country is for the readers benefit and one which the reader may vent his excesses exhaust. We dare say that such is not to be found in Communist Russia or any other country where freedom of the press is a lost meaning. As long as Canada retains that freedom which has been so dearly bought, newspapers will play an important part in forming public opinion.

The above is the one true meaning of "Freedom of the Press," and as long as this heritage remains with us we will have nothing to fear in regard to dictatorship in Canada.

It appears from time to time that editorials are beaten out at the editor's desk of the Star, which do not meet with everyone's approval. Last week's was no exception. At the time of writing this there has not been one written contradiction of that editorial which must record the veracity of the statements made. Naturally during the week conversations with different people have told us they do not agree, but little notice is ever taken of verbal barrage by any editor. If you have a beef or something to say, put it in writing and properly addressed and signed, it will then appear in cold print the same way an editor's views appear.

Letters to the Editor have as much reader interest as editorials and sometimes carry much more food for thought. Of course there are also times when they don't for the editor will always have the last word.

## CANADA'S TENTH PROVINCE

Canada is a very young country and since 1905 has been composed of nine provinces and a vast stretch to the north of us. During the past while negotiations have been taking place at Ottawa, between the Dominion and Newfoundland which might lead to the formation of Canada's tenth province.

These negotiations did not receive the publicity they should have, for this recent bit of news is another milestone in the history of our lives. No doubt more will be said next spring when the people of Newfoundland hold their plebiscite as to whether they will join Canada or continue on their own as in past.

As far as representation is concerned in Ottawa, the members that Newfoundland will send to Canada's house of representatives will not be large, probably no more than 10 or 12 members to represent the 300,000 odd population which now resides on this coastal island. There must be advantages for both countries to make the consideration of such a feat possible. For Canada it would make for easier movement of trade, while for Newfoundland it would mean a little better financial position than which she now enjoys.

Canada has no doubt got an eye pointed to the finishing industries of that country. Lying off the grand banks of the eastern coast it has enjoyed fishing as one of its principle industries, at the expense of Canadian fisheries. Newfoundland has had difficulty during very recent years in keeping solvent as far as money matters go. During the depression of the '30's aid had to be solicited from Great Britain to make ends meet. A linking with Canada would no doubt go a long way to solve this difficulty that has been experienced before.

Great Britain would likely look upon such a move of union with favorable smiles. Having troubles of her own within her own small shores, she would no doubt be very willing to see this former white elephant turned over to

by ottawa observer

Canada's trade relations continue to hold the centre of interest among political observers here. It is recognized that our external trade, upon which depends so large a part of our prosperity, must be a major influence on our cultural and political future.

In the five years before the war we sold an average of 345 millions of dollars worth per year to the United Kingdom and an average of 290 millions of dollars worth to the United States. Last year we sold at higher prices—488 millions to the United Kingdom and 388 millions to the United States.

Our purchases from the United Kingdom which averaged 124 million for the five pre-war years increased to 201 millions last year and appear to be lower this year. Our purchases from the United States increased from an average of 275 millions in five pre-war years to 1400 millions last year and apparently will be much higher this year.

Our difficulty is that much of our sales to countries other than United States are on credit; where we do receive payment the currency which we get cannot be changed to U.S. dollars to pay for our purchases in that country.

Mr. Coldwell surprises

There is considerable surprise here at the extreme bitterness shown at a press conference in Winnipeg last week by the C.C.P. leader, his suggestion that "North American" interests are opposing the labor government of Britain and thus playing into the hands of the communists is a new argument that seems difficult to understand. The United Kingdom is a good customer of Canada's and supporters of all parties here favour every reasonable concession that can be made to assist Britain. The trade figures, however, do not support Mr. Coldwell's statement that it is our best customer.

Many believe that Mr. Coldwell is merely voicing his disappointment at the signs of diminishing support for the labour governments of Britain and Australia with which the C.C.P. party is affiliated. There is some resentment here at Mr. Coldwell's inference that Canada is not helping in the rehabilitation of the "British Isles".

Taxation compared

Britain's emergency budget of last week which increased so many taxes on their people, has attracted much discussion and comparison of tax rates, particularly income tax rates. Income taxes were so high in the United Kingdom that it was not considered possible to raise them further. An increase to an already high purchase tax was perhaps the heaviest addition to the burden imposed on the British people. The basic income tax is 9 shillings (\$1.80) on every pound (\$4.00) of income or wages.

A single person in Canada earning \$1,800 a year pays \$15 a year in taxes. With the same salary in the United States one pays \$220 and in Britain \$261. A married person with two children earning \$3,000 per year pays \$96 tax in Canada, \$138 in the United States and \$442 in Britain.

Good Publicity

Attention is being directed to the Canadian International Trade Fair by the London Times, which has prepared for distribution throughout the world a special thirty-two page supplement, several advance copies of which have just been received in Ottawa. Although this "Survey of Canada and World Trade" was printed in London, the fifty-three articles on the national economy and other Canadian activities were contributed by writers in this country familiar with their respective subjects. As a result, readers of The Times in many lands will be provided with comprehensive outline of the natural resources and services that have raised Canada to a leading position among trading nations of the world.

The articles are well illustrated, and provide a clear conception of the Canadian scene. A map of the Dominion, on the same scale as an inset

someone else.

During the war of 1939-45 Newfoundland played an important part as a base for activities, something which has not been overlooked by Canada. There are huge airfields and navy installations which would come in very handy in helping Canada retain the place of importance she won as far as aviation and commercial shipping goes. Not to mention the strategic location of this country as far as Canada is concerned in the event of war.

We for one would go on record as welcoming these people within our borders. They are a good class of people and should be proud next spring to call themselves Canadians.

IN OUR TIME

By Howie Hunt

"Oh, the new soap flakes made it WHITE tonight, dew - but don't you think it's SHAMING a bit more than usual?"

## Do You Remember?

Taken From The Star Files

TWENTY YEARS AGO

November 30, 1927

Over 500 strangers crowded into town last week end in order to attend the Dominion School Land sale, which is declared to have been one of the largest this season, \$41.00 per acre was the highest bid of the day.

The annual wheel drive of the St. Luke's church proved to be a delightful affair as over seventy tables participated. Mr. Bill Goulet acted as M.C.

The bunk house at the London Ribstone was completely destroyed by fire last Friday. An overheated stove is believed to have been the cause of the outbreak.

The roof of the hospital building is nearing completion. This will allow the staff to proceed without interruption from the weather.

FIFTEEN YEARS AGO

November 30, 1922

Mr. Alfred Lilly who has been suffering from his injured eye was in the city for treatment last week. Latest reports show good prospects of retaining both his eye and sight.

Marjorie Walroth, who was thrown from her buggy Monday while returning home from school, suffered a dislocated elbow. She was taken to the hospital and is getting along nicely.

Miss Florence Tury was in charge of a literary program put on Sunday evening by the Young Peoples Society of the United Church. Short discussions on the topic "Should the three prairie provinces be united under one Government" were given by Kenna Tury, Cecil Ricker and Edith Steele.

TEN YEARS AGO

November 24, 1937

The following articles appeared in the advertisement placed by Porryan's Grocery this week. R.C. Granulated sugar, 20 lbs. \$1.45; Maxwell House Coffee, 1 lb. 30c; McIntosh Apples, box \$1.89; Dates 2 lbs. 15c. On Friday morning last Mr. J. V. Allen, a farmer living south of Irma, was killed and his son, Ellsworth, severely injured when the C.N.R. local passenger train crashed into their car which had stalled on the crossing 300 yards west of Irma. The two victims were immediately placed in the baggage car and rushed to Wainwright for medical attention, unfortunately Mr. Allen passed away enroute. Ellsworth was placed in the hospital where he is suffering from lacerations, bruises and shock.

Following an operation for appendicitis, the shock of which she was unable to overcome, Miss Margaret Byrne passed away at the hospital at the age of 18 years. The funeral took

place at 2 o'clock this afternoon at the home of the deceased, Mrs. J. V. Allen, 100 Main Street, Wainwright. The funeral home was in charge of the arrangements. The deceased was a native of England, indicates the vast extent of this country and the areas from which are drawn its agricultural and mineral wealth. The purpose of the Canadian International Trade Fair, is set forth in an article by the Hon. James A. Macdonald, Minister of Trade and Commerce. It will be held in Toronto from May 31 to June 12, 1948.

place on Monday afternoon with Rev. R. Rickard of the St. Thomas church conducting the services.

FIVE YEARS AGO

November 25th, 1942

On Sunday morning the farm home of Mrs. C. Morrisette, south of Greenfield, was completely gutted by fire. At approximately 7:30 a.m. Mrs. Morrisette rose and made a fire in the kitchen stove, then, not feeling well she lay down and dozed off, awakening she found the house full of smoke. Due to a disruption in the telephone service she was unable to call help and therefore, all she managed to save were legal papers and her fur coat.

The Sunburst Motor Coach has been exempted from the recent order of the transit controller, discontinuing bus service for distances greater than fifty miles. Therefore the Wainwright-Edmonton bus will run daily as usual, excepting Sunday and Wednesdays.

The Star does not hold itself responsible for the contents of advertisements. All letters must be signed by the writer of name and should not be longer than 500 words.

November 14, 1947

The Wainwright Star Wainwright, Alberta Dear Editor:

In answer to A.M.R. of Vermilion it is quite apparent that A.M.R. is definitely not very well informed as to mental hospitals, mental illness, mental deficiency, care of the mentally ill and administering of mental hospitals.

Anyone who is so poorly informed, and poorly educated, and obviously ignorant in regards to the above should refrain from voicing his unsound opinions.

Of patients who are admitted to mental hospitals in Alberta, a great number are of normal, or above normal intelligence. Many of these people realize that they are mentally ill and come voluntarily to seek treatment by trained people who understand, and are willing to sympathize wholly with their cases. In coming to be hospitalized patients escape people like A.M.R. who do not realize there is such a thing as mental illness as well as physical illness.

Re drugs we are in a fog as to what A.M.R. means when he refers to drug therapy.

As for shock therapy, were he to see the spectacular improvements and recoveries accomplished by this treatment he would be of a different opinion. If he could talk with one of the many discharged patients, perhaps he could see how much these people appreciate the care given them while in mental hospitals.

Any reference to overpaid staff is absolutely ridiculous. This is one of the lowest paid jobs requiring a specialized training.

Mental illness is an open subject

BY ONE WHO KNOWS

Edmonton, Alberta

Editor, Wainwright Star

Dear Sir:

You state in your editorial of Nov. 5 that the average 19 year old is in capable of voting intelligently. "And why beholdst thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?"

And brother, it's quite a beam!

Here are a few figures:

Percentage of electorate who voted in Edmonton Municipal Elections— (Figures from Edmonton Journal, November 8).

|          |          |
|----------|----------|
| 1939—21% | 1944—16% |
| 1940—26% | 1945—28% |
| 1941—31% | 1946—34% |
| 1942—14% | 1947—26% |
| 1943—16% |          |

Only once did 1/3 of the electorate take the trouble to vote! Only 36% of the property owners voted on the \$1,500,000 auditorium bylaw. Surely such an indifferent populace cannot be trusted to vote intelligently.

During the election campaign 23 candidates spoke to an audience of 14 persons (Edmonton Journal, Oct. 30). Such an interest "over 21's" take!

And let us see how well informed are these "over 21 people." A U.S. survey gives us a few ideas.

(United Nations World Oct. 1947)

3 million U.S. citizens have never heard of the atomic bomb. 51% are not concerned about it. 56% believed that an effective defense would be developed. This in spite of the unanimous belief of scientists that no defense is possible. Only 5 million know that Uranium (235) is the principal component which is tantamount to saying that they have little idea of the principles of the bomb.

1/3 of the population tested did not know what the U.N. was or stood for.

The 19 year old could hardly be less informed than this. I venture to say that the average high school student could tell what the U.N. is, its main branches and functions, name the permanent members of the Security Council and some of the non permanent members. I don't think that would tell that 1/3 of them do not know what it (the U.N.) is.

The average 19 year old is either in high school or has recently graduated. In either case, he benefits from the stimulating influence of high school social studies with its examination of the past, present and future problems. Under such conditions he will probably take a more active interest in local and world affairs than the average person over 21 (despite the latter's tremendously superior intellect).

I suggest that anyone who has the opportunity look through the grade twelve essay text. It will be readily

understood why one who has read such thought-provoking material could not but be intensely interested in the problems of today.

When the older generation takes an active, intelligent interest in current affairs, then and only then will the "over 21's" be able to claim their "superior" intelligence and will power. Anyone who believes in such a difference between 21 and 19 year olds is overestimating the attributes of the former and doing a grave injustice to the latter.

A study class—good, but don't confine it to those in school, there are others who have a lot to learn!

Yours,

ELMER TORY

To The Editor:

The recent unexplained increase in course grain prices, as a result of Liberal Government action, appears to have been brought about deliberately to discourage the growing of livestock.

Information from a very reliable source suggests there is a definite plan under way to build a chain of packing plants across Western Canada, provided a guarantee of a certain hog and cattle market flow can be met.

I urge livestock growers to investigate what is developing before deciding on a definite action of getting out of livestock. More on this next week.

KENN TORY

WILD ANIMALS GOING TO ENGLAND FROM CANADA

An indication that Britain is rapidly returning to normal peacetime interests is contained in a request from the Dudley Zoological Society in Worcester, England, to the Department of Mines and Resources, Ottawa, for a shipment of wild animals from Canada's National Parks. The letter explains that with the end of the war the Society is anxious to re-stock the Dudley Zoo, with all speed and needs, among other specimens, three buffaloes, three bears, four weavers and four racoons.

The buffalo are being taken from Elk Island National Park, Alberta, the bears and beaver from Jasper National Park, and the racoons are being captured in Georgian Bay Islands National Park, Ontario.

Canada's national parks are great reservoirs of wildlife, and donations to public zoos can be made without in any way diminishing the attraction which these wild animals afford to park visitors. To most people in England all of these animals will be novel and interesting as they are not indigenous to the Old Country. Elk Island National Park has more than 1,000 head of buffalo—one of the finest herds on the North American continent. Jasper Park can spare a few bears and beavers without their absence being noticed. They are a common sight during the summer, even close to the park townsite. Racoons have become very plentiful in Georgian Bay Islands National Park since this area was set apart as a wildlife sanctuary.

**CREAM QUALITY**  
 To the producer of milk and cream winter means a definite change in handling conditions—a change that cannot be disregarded. Officials of the Dairy Branch of the Alberta Department of Agriculture advise that there are three main reasons why milk and cream need special attention at this time:  
 (1) The necessity of long stabling periods for the dairy herd.  
 (2) Use of feed and concentrates that are sometimes highly flavoured.  
 (3) Freezing conditions and the bad effect on milk cream.  
 Bacteria are absorbed readily by milk and cream during milking time or during the time they may be kept where such odours are present. Try to prevent this absorption by keeping barns and cows clean, particularly at milking time. Remember

**McCaferly U.F.W.A.**  
 The November meeting of McCaferly U.F.W.A. was held on the 11th at the home of Mrs. Connie Smithson. There were fifteen members and one visitor present. Many lovely articles were turned in for the sale of wool. Mrs. Spencer was asked to write to Mrs. Ken Sparks who has just returned from the hospital and also to Mrs. Witherall. A letter from the provincial president of the J. U.F.A. urging the members to support the young people as much as possible was read.  
 Wool was distributed for layettes. It was decided to make diapers, nighties, etc., for the Wainwright hospital instead of making more layettes.  
 The annual election of officers resulted in the following: President, Mrs. Connie Smithson; Vice-President, Mrs. Will Kelly; Sec.-Treas., Mrs. Bob Jackson.  
 Winter meetings will be held at McCaferly school.  
 The sale of wool and home cooking held in the Edgerton Cooperative Store on November 25 was very successful as approximately \$75 was realized.

**Red Cross Easing Food Shortages Overseas**  
 One half of this \$1,000,000 Canadian Red Cross food relief shipment to Great Britain and Europe is expected to be on the high seas by mid-November. H. H. Bishop, chairman of the national purchasing committee, told the Red Cross Central Council meeting here today.  
 Delegates from every province are hearing highlights of Red Cross work this year at home and abroad in semi-annual two-day sessions which close tomorrow evening. Norman C. Urquhart, Toronto, is chairman.  
 Representatives of the countries where types of bulk food are most necessary, Mr. Bishop said, and purchases have been made accordingly for the shipment which is designed to ease the coming winter's food crisis overseas.  
 More than \$642,900 of the \$1,200,000 appropriated for the Canadian United Allied Relief Fund in 1947 was spent by September 30th and an additional \$160,000 worth of goods was purchased from designated funds earmarked for specific foreign countries.  
 Among reports of Red Cross services in Canada presented today was that of R. W. I. Urquhart, national chairman of First Aid, Swimming and Water Safety.  
 One third more children, a total of 16,950 across Canada, were taught water safety under Red Cross auspices in the first nine months of this year than in the whole of 1946. Mr. Urquhart told the delegates. In all, 692 instructors held 1,365 classes. Over 1,120 new instructors were qualified through the teaching program.  
 New highway first aid posts are being established in Prince Edward Island, New Brunswick and Quebec as part of the expanding first aid program.  
 The chairman pointed out that Red Cross first aid work is directed particularly to areas where no other organizations function, although it works on request with other nationally organized voluntary bodies.  
 Growing demand for diversional therapy has increased the number of Red Cross supervisors to 31 in the Arts and Crafts department, which this year took over the entire D.V.A. recreational Arts and Crafts work to veterans. Red Cross volunteers numbering 85 are assisting in 24 D.V.A. institutions.  
 Three paraplegic veterans are now employed in the Arts and Crafts department.

**HINTS ON BURNING COAL**  
 Unless you have a coal mine in the back yard, you probably don't know just what grade of coal you'll be burning this winter. You can expect sufficient coal, says the Canadian Institute of Plumbing and Heating, but what kind will it be—hard anthracite coke, bituminous or a mixture? Hard working coal dealers, says the Institute, will probably have their hands full meeting demands without meeting requests for certain grades.  
 The Institute has a few hints for firing with mixed fuels. First of all, a mixed delivery will probably be delivered to the bin in layers. If so, follow the hints below. If not, temper judgement to the proportions of the mixture.  
 (1) Anthracite requires only a small amount for a small fire, more for a big fire. Shake once a day, twice if fire is big.  
 (2) With coke, keep the fire box full no matter whether you need a lot of heat or a little. Control heat with draughts, not with amount of fuel. Use poker more than shaker.  
 (3) With soft or bituminous coal, remember that the clinkers it will form will lift out of the fire box rather than the ash pit. And don't shake at all.

partment, chairman D. W. Lang reported, and plans are being made to train more for supervisory positions.  
 Two large tubercular institutions, one at Fort Qu'Appelle and the other Prince Albert Sanatorium in Saskatchewan, serving 131 D.V.A. patients, are now included in the Arts and Crafts programme. Instruction is also given to the civilian patients there, on request from hospital authorities.  
 James A. Cooper, chairman, reported that 3,196 entertainment films supplied by the Canadian Red Cross have been shown for veterans in 92 D.V.A. hospitals in the first nine months of this year.

**WHITE CLOUD**  
 The card party and dance put on at the school Friday netted a few more dollars for the kiddies Christmas treats.  
 Mrs. A. Dickout is in the hospital and hope to see her out and well again soon.  
 The Tondra children spent the weekend at their home.  
 The Ladies Welfare Club held their November meeting at the home of Mrs. Ellwood Plaxton, with a large number of members present and one visitor. Plans were made to pack a box of toys for an orphan children's Home at the Christmas meeting.

**Hints for the Household**

**SOMETHING SWEET FOR DESSERT**  
 What cheerful news it was to hear a few weeks ago "sugar rationing is off". With that sense of frustration that prevented the making of favorite desserts, icings and sauce, the first thought was that we would like to build a sugar candy mountain. Common sense over rode the idea and we realized that the spurge would consist of an occasional richer cake or dessert.  
 All authorities on Nutrition have repeatedly made the statement that, prior to rationing, Canadians had been eating much more sugar than necessary. During these five years we have been trained to appreciate fruit and beverages for their fine natural flavour, unmasked by sweetness.  
 The home economists of the Dominion Department of Agriculture have brought out of their files more desserts that have been carefully put away for several years.  
**Apple Up-Side-Down Cake**  
 1/2 cup butter  
 1/2 cup brown sugar  
 1/2 cup butter  
 1/2 cup white sugar  
 1 egg  
 1/2 cup molasses  
 3 cup all-purpose flour  
 2 apples  
 1 teaspoon baking powder  
 1/4 teaspoon soda  
 1/4 teaspoon salt  
 1 teaspoon ginger  
 1/2 teaspoon cinnamon  
 1/2 cup boiling water.  
 Melt 1/2 cup butter in baking dish. Add the brown sugar and cook together. Pare and core apples. Cut each apple in half to make two thick rings. Arrange rings of apples in butter and sugar mixture. Cream 1/2 cup butter. Add white sugar and cream well together. Add well beaten eggs and molasses. Beat thoroughly. Sift dry ingredients and add to mixture. Lastly add boiling water, mixing quickly. Pour over apples in baking dish and bake in moderate oven (350 degrees F.) for 40 minutes. Six servings.

**Cream Puffs**  
 1/3 cup mild flavoured fat  
 1 cup boiling water  
 1 cup sifted all-purpose flour OR 1 cup plus 2 tablespoons sifted pastry flour  
 1/2 teaspoon salt  
 3 eggs  
 Put fat and water in a saucepan and heat until fat is melted. Mix flour and salt and add all at once, stirring vigorously until mixture forms a ball in the centre of the pan. Remove from heat, cool slightly and add unbeaten eggs, one at a time, beating thoroughly after each addition. Mixture should be stiff. Drop by spoonfuls, onto a greased baking sheet and bake in a hot oven, 400 degrees F., until well puffed and golden, about 15 minutes. Reduce heat to 375 degrees F., and continue baking until puffs are firm, about 30 minutes. Cool, fill and fill as desired with whipped cream, custard or fruit filling. Makes 12 puffs. NOTE: If using butter, omit salt.

**Chocolate Whip**  
 3 tablespoons cocoa  
 3 tablespoons cornstarch  
 1 cup sugar  
 Pinch of salt  
 1 1/2 cups boiling water  
 1 egg yolk  
 1 teaspoon vanilla  
 1 egg white  
 1/2 cup whipping cream  
 Mix cocoa, cornstarch, sugar and salt. Add the boiling water and cook, stirring constantly until mixture thickens. Cook 30 minutes. Add beaten egg yolk and cook 3 minutes longer. Remove from heat. When cool, fold in vanilla, stiffly beaten egg white and whipping cream. Pour into sherbet glasses. Chill. Six servings.

**At Last... The thrilling NEW precision permanent RADIO WAVE**

## HONORS PILE UP FOR WESTERN JUNIOR JUDGES

Here are the 46 boys and girls who brought high honors to the four western provinces during the recent Royal Winter Fair show at Toronto. In beef judging, Saskatchewan placed first, British Columbia second, Manitoba third and Alberta fourth—a clean sweep.

Saskatchewan won the dairy competition, and Alberta the food judging, both coming first. In the grain division, Manitoba was first, Alberta second and Saskatchewan fourth. Manitoba took the clothing section with Saskatchewan second. Manitoba had another first in the

pottery judging with B.C. third. The westerners were first in the swine category, Manitoba taking second place with B.C. and Saskatchewan tying for fourth. British Columbia got a resounding win in the potato classification, ahead of all others. It was a great show for the west.

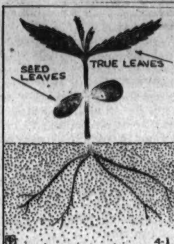

## IN MEMORIAM

In loving memory of our dear son and brother Maurice W. Johnson who gave his life in the North Atlantic November 24, 1944.

Time rolls on and we are reminded—Of a day our hearts were crushed, When God took you, oh, so quickly, And we all in gloom were thrust. In the bloom of life death claimed you.

In the prime of manhood days; But we hope some day to meet you, And to be with you always.

Lovingly remembered,  
MOM AND DAD,  
BROTHER AND SISTERS

## Sunnyvale U.F.W.A.

The Sunnyvale UFWA was held at the home of Mrs. Withnell with eight members and two visitors present. A report was given on results of the lunch sale held at Mr. Knudsen's, which was over \$25.00. Bulletins were read and discussed. Presentations were made to Mrs. Warnock and Mrs. Drury. After adjournment a very tasty lunch was served by the hostess.

CONTINUATION OF  
LOCAL SCHOOL TRUSTEE  
ASSOCIATION URGES GREATER  
PROVINCIAL HELP

(continued from page 1)

ing as much as could be stood under the present system of taxation, Mr. Spencer stated, however, that he was willing to do his best for the teachers but that there could be no further taxes on land and it would have to be done in some other way.

Mr. Spencer was given a hearty vote of thanks for his address.

Upon a motion of Mr. Lawson the meeting adjourned at 12 a.m. until 1:45 p.m.

The meeting was called to order at 1:45 p.m.

Mr. Masson, M.L.A., then addressed the meeting and praised the Divisional System which he considered was proving satisfactory. He dealt with such matters as Provincial Revenues, Roads and Teacher Training. He expressed himself as being in favour of transporting children from Rural Schools to centres where better teaching facilities existed. Mr. Masson strongly urged that particular attention be given to the spiritual welfare of pupils and expressed the opinion that teachers selected should be of a type fitted to offer guidance in this connection. Following his address, Mr. Masson answered a number of questions asked by the delegates.

Upon a motion of Mr. Spencer, a hearty vote of thanks was extended to Mr. Masson for attending and addressing the meeting.

Resolutions were submitted by the Resolution Committee, for submission at the next Convention of the Alberta School Trustees' Association as follows:

1. Resolved that in fairness to School Boards and Teachers that the Government be requested to inaugurate a Provincial Salary Schedule, with consideration given to handicapped districts. Carried.

2. WHEREAS conditions in certain various districts in an Educational way are deplorable; and, WHEREAS many people are ignorant of such facts;

THEREFORE, be it resolved that the Government be requested to appoint a Commissioner of Enquiry whose duty it would be to travel where needed and see for themselves the actual conditions that exist and report to the Legislature. Carried.

3. Resolved that the Government be urged to pay Grants equal to at least 50% of the cost of Elementary and Secondary Education. Carried.

Moved by Mr. Spencer (Porayko)

4. WHEREAS, in view of the shortage of teachers and refusal of teachers to go to the outlying Rural Schools; and,

WHEREAS, for these reasons Boards and it necessary to Centralize Education; and,

WHEREAS, this means a heavy cost in School Buses and other Transportation costs;

THEREFORE, be it resolved that we ask the Government to give much larger Grants to help defray these expenditures. Carried.

Moved by Mr. Spencer (Dr. Folskins)

5. Resolved that we favor the continuation of the Government giving more Scholarships to encourage Students entering the Teaching Profession. Carried.

Moved by Mr. Spencer (Hinton)

6. Resolved the time is overdue when the Provincial Government should help finance Capital Expenditures.

Moved by Mr. Spencer (Hinton)

7. WHEREAS, the School Boards are being forced to Centralize Education owing to the difficulty of getting teachers for outlying districts; and, WHEREAS, such changes call for all weather roads; and,

WHEREAS, the lack of these facilities cause much difficulty and risk of Accidents;

THEREFORE, be it resolved that we urge the Government to make Special Grants for the making of all weather roads where needed, where School Buses should be used. Carried.

Mr. Masson upon being asked whether he was in favour of the resolutions passed stated he was prepared to support same.

Mr. A. G. Andrews addressed the meeting and dealt with the present set-up of the Reference Board which in his opinion is undesirable in view of the methods employed at its hearings. As pointed out by Mr. Andrews the Board of Reference is constituted as a Court. Dealing with the teachers' situation Mr. Andrews thought that there was some improvement and that so far as High teachers were concerned there was no shortage. It was suggested by Mr. Andrews that meetings with local Trustees' Associations should be arranged in the various phases of Educational work. Mr. Andrews also dealt with the Brief submitted to the Taxation Commission under Mr. J. W. Judge and read a number of extracts from the said brief. In conclusion he suggested that M.L.A.s and Reeves of Municipalities be invited to the Annual Meetings of the Zone.

Moved by Mr. Hinton that the Executive consist of one member from each Division. Carried.

Mr. Porayko—nominated Mr. Hinton

Mr. Logare—nominated Mr. Leadbeater

Mr. Spencer—nominated Mr. Leford

Mr. Thompson—nominated Mr. Spencer

Mr. Logare (Henderson) Moved that nominations cease. Carried.

Moved by Mr. Thompson (Logare) That the next meeting be held in Wainwright at the call of the Chair. The meeting was adjourned.

## CIRCULATED AIR REMOVES

## OBJECTIONABLE HOME ODORS

Objectionable odors and tobacco smoke, two factors of discomfort in the home can be greatly minimized or eliminated entirely through the use of a basic warm air heating and air conditioning system which circulates fresh air throughout the home.

Minimum ventilation requirements

which will afford complete indoor comfort call for about 10 cubic feet per minute of fresh air for each occupant in the home, according to the Indoor Comfort Educational Bureau. This amount of fresh air will rid the house of normal odors including those of cooking. For each person smoking, the fresh air requirements are increased with a minimum of about 25 cubic feet per minute per person.

## NEWS &amp; VIEWS OF TOWN AND DISTRICT

## JASPER BEAVER TO BRITAIN

En route to England as part of Canada's donation toward the replenishment of bombed out zoos, three beaver took along their own supply of hardback. Natives of Jasper National Park, they will feed on tasty, vitamin packed Poplar poles cut for them by the Park's warden, George Fowle, who is shown serving them their last meal before the journey eastward. With three bears for travel mates, the beaver left Jasper in a Canadian National Railway's express car and were transferred to an ocean liner on arrival at Montreal.

BORN—To Mr. and Mrs. Alex Rattray of Edmonton, on Saturday, November 22nd, a boy.

Mr. and Mrs. Frank Ashie spent the week-end at Viking with Mrs. Ashie's parents, Mr. and Mrs. Gray.

Mr. Kenneth Torg was in the city for a few days last week where he attended the C.C.F. convention being held there.

Mr. and Mrs. Michael Raymont and small son Michael David arrived at the week-end from Waybridge, Surrey, England, to visit at the home of Mrs. Raymont's uncle and aunt Mr. and Mrs. C. Wilbraham.

After a visit with relatives for a couple of weeks in Edmonton, Mrs. O. Michon returned home on Sunday last.

Mr. and Mrs. Jim Laycock spent a few days in the city last week.

Mr. and Mrs. Charlie Johnson have gone to Chilliwack, B.C. where they will spend the winter months.

The skating rink was flooded at the week-end and the youngsters had a happy time Saturday and Sunday trying out their skates for the first time for the season. A few more floodings are required before the rink is in first class shape for the winter's activities.

Mrs. W. W. Clark with two small sons, of Biggar, Sask. spent the week-end in town with her parents, Mr. and Mrs. Gore. Mr. Gore is with the Wilson Construction Company working on the new hospital.

Mr. and Mrs. Harvey Cook have moved to their new home on 8th Ave. West and Mr. and Mrs. M. Roth of Falgout are moving into the Cook house which they recently purchased.

Mr. Alton Lewis is driving a new 1947 DeSoto Sedan purchased from Reynolds Garage last week.

The recent mild weather accompanied by the light rain and sleet has made it hazardous travelling on streets and sidewalks alike.

The King Brothers took delivery the first of this week, of a three ton Chevrolet truck from Buffalo Service Station.

## PELICAN

We have measles in the district. Marie Bell and Jeanette Cornfield contracted the disease at the dormitory in Wainwright. Both girls have been quite sick and we hope that they will soon be better and back to school. O. Asen, Donald Cornfield and Olof Romberg have gone deer hunting west of Edmonton. Best of luck fellows.

We note that Marguerite Smith of Battle, Valley is employed by the Co-op Store in Edmonton.

Mr. and Mrs. Wm. Holland represented our community at the Old Time Jamboree in Chauvin last week.

The Pelican UFWA held a meeting at the home of Mrs. N. Pickard. Miss Horby was present and the greater part of the day was spent in learning some new kinks in sewing. The local noted \$17.00 each to be given to the Empire and Pelican teachers to buy Christmas presents and treats for the kiddies of the district.

It was decided to ask Mr. Smith of the N.F.B. to continue to bring his pictures to Pelican. We hope to make these evenings more sociable and lunch will be served. The next show will be on December 2.

After our meeting Miss Horby attended a meeting at the home of Mrs. T. Bazley in Bloomington. A Girls Club was organized with some 12 members. More are expected to join later. Mrs. Bazley, Mrs. Tunney and Mrs. Taylor were chosen leaders. We would like to commend these ladies for their efforts to help the girls. We are all looking forward to the Achievement Day next spring.

An A.F.U. meeting will be held on Thursday, November 27th at Pelican School.

## Public School Activities

A grade eight Students Council was formed on November 19, and election of officers took place with the following results: Fred Foley—President, Ruth Gobel—Vice President, Rose Zajic—Secretary.

Films obtained from the Department of Education were shown last week and were very interesting. A film on India was also shown and was exciting.

Rose Zajic, secretary for the Students Council as absent last week as she was in the hospital. Latest report is that she is home and doing fine.

There is a new pupil in grade seven in the person of Billy Brown from Lacombe.

The enrollment has been steadily increasing and it has now reached 205. Miss White is ill and Mrs. Kenn Torg has taken her place.

School Reporter

## GREENSHIELDS

Mr. and Mrs. A. Reed had as their guests over the week-end, Mrs. Reed's mother, Mrs. Knie, her brother Walter and aunt Mrs. Hanush of Leduc. Miss Sheila Bishop is visiting her parents this week.

Trafalgar Mutual Telephone Co. held a directors meeting in the hall Monday.

Mr. C. E. Patterson, Mrs. T. Daniels and Mr. Art Patterson drove to the city last week to visit their father Mr. J. A. Patterson who is ill in the Royal Alex hospital.

## CARD OF THANKS

I wish to take this opportunity to thank the Doctors of the Clinic and the Matron and staff at the hospital for their kindness and efficient care during my recent illness, also to thank those who called or sent cards or fruit.

ROBT. ARMSTRONG

## IN MEMORIAM

In loving memory of Joseph P. Carroll who passed away November 23, 1943.

Deep in our hearts your memory is kept  
We who loved you will never forget  
From his loving

WIFE AND FAMILY

## Junior Stamp Club Notes

Election of officers was held at the last meeting of the Junior Stamp Club held at the home of Lloyd Bolduc. Master Lloyd Bolduc was elected president, and as it was thought best to put down on the executive of the club, he also assumed the position of secretary. Master Leonard Caron was elected club treasurer and gave a report of the treasury having the sum of 21c on hand. Other business was discussed and the next meeting will be held at the home of Mr. and Mrs. W. Bolduc on Wednesday, December 3rd.

## CARD OF THANKS

Members of St. Thomas W.A. take this opportunity to thank all those who helped in any way, also those who patronized the Bazaar and Tea on Saturday and helped to make it such a success.

## GERALD

Last week's meeting of the Farm Forum was held at the home of Mrs. Hamilton with 10 people present. The subject for discussion was "A Farm Organization for Everyone." Such questions as "How can farm organizations assure participation of women and youth as well as men?" and "Should there be a separate section or special programmes for women and youth?" were thoroughly reviewed, both on the radio programme and in the listening group. Lunch was served by Mrs. Hamilton.

Mrs. R. Campbell was quite sick for a few days last week but is now somewhat better.

## FABYAN

Mr. and Mrs. Peter Voros left on Sunday to motor to Edmonton to attend the wedding of their daughter Vera which is to take place on Thursday November 27th.

Mr. Leo LaPalme left on Monday for Edmonton where he will spend two weeks before going on to the coast for the winter months.

Harold Craig left on Sunday for Edmonton where he plans to spend the winter.

Ernest and Treffley Marchand have returned from their hunting trip to the Edson district bringing home two deer and one elk.

Ernest Caron is busy this week drilling a well on the Harold King farm.

Mr. and Mrs. Roy Findlay were trippers to Provost where they visited relatives over the week-end.

Mr. and Mrs. Ray Thompson were guests at the home of Mr. and Mrs. Ralph King on Sunday.

Mrs. Marie Mody of Canrose visited with her parents Mr. and Mrs. Bodnar over the week-end.

Mr. and Mrs. H. King left on Sunday to motor to Alaska, back where they will visit with Mrs. King's aunt Mrs. Halvorsen.

Mr. Fred Murray who has been a patient in the Wainwright hospital is now home with his son-in-law and daughter, Mr. and Mrs. Fraser.

We were indeed sorry to learn that Mrs. Allen MacFarland is back in the hospital again following a relapse and wish her a speed recovery.

### What A Change A Baby Can Make

One of the popular topics of debate amongst many young married people is whether a baby should make much difference to the routine of the good housewife. Readers of the Vancouver Province have felt that Jean Howarth took care of this subject very competently in her regular column in the Province. They think it is quite a readable bit of real life so we pass it on for the amusement of baby conscious folk. Here goes:

One of my young married friends has been keeping me abreast of a running battle on her homefront. She's been married for a couple of years now to a very efficient young business man, and four months ago they had a baby girl. Before the baby came, she says, the house can like clockwork, more or less.

She served breakfast looking trim and sleek in a freshly laundered housedress, saw her husband off to work with a smile, and zipped through the housecleaning, cooking, laundry, ironing and mending with such dispatch that she was able to greet him on his return at night in an afternoon frock, straight stockings and an upwrest hairdo.

The baby changed all this.

Stumbling out of bed at six in the morning to prepare an early feeding, my friend says she finds it more convenient to put on her dressing gown. She usually plans, as a matter of fact, on going back to bed for another couple of winks; but she usually doesn't make it, and what with bottles and dummies and changing and burping the baby and putting on the porridge and filling the sawdust hopper, she finds that she is still quite often in that dressing gown when her husband comes down with his shining morning face for breakfast.

### Just A Few Choices

After breakfast, she does the dishes and washes the bottle and strains her daughter's orange juice and washes her daughter, and does some laundry and gives her daughter another feeding and changes her and makes lunch and washes the dishes and sweeps and dusts and gives her daughter her barley water and changes her and dresses her daughter for the carriage and goes shopping and gives her daughter another feeding and changes her and does some more washing and makes dinner and tries to figure out a desert and changes her daughter and bounces her daughter because her daughter always cries between five and six, and has just got dinner half way to the table when her husband arrives.

At this point he looks like something out of an Equus ad. and her hair is straggling down the back of her neck and there are runs in both her stockings and she is wearing a soiled and crumpled house dress.

On two dreadful occasions she was even wearing the dressing gown.

All She Needs Is System

The trouble, her husband says is that she hasn't any system. At first he just hinted it, and then he began to get pretty pointed, and two weeks ago he arrived home with a schedule which he had typed by the stenographer at the office and which he stuck up with thumb tacks by the kitchen sink.

According to this schedule, his wife slept eight hours, worked eight hours, and had eight hours left over for recreation. It was just a matter, he

pointed out, of organizing herself.

By the schedule she got up at six, fed and changed the baby in the next twenty minutes, and went back to bed until eight. At eight she got up, dressed, and had breakfast on the table by half past. By 9:10 she had seen her husband off to work and washed the dishes.

It went on like that.

She didn't speak to her husband for the rest of that evening, and on the next three evenings she greeted him in the dressing gown.

That was still pretty much the way it stood, the other day, when she decided to take her first afternoon off since the baby arrived, and go out for tea with a friend. It was her husband's day off and he was elected to baby-sit.

She tucked the baby into her crib and left instructions for the afternoon feeding. And was sent on her way by a lofty and condescending husband. It was, by her watch, three hours and 22 minutes later that she turned the knob on the back door.

All the formula bottles were sitting in the kitchen sink and all the nappies were lying on the kitchen table, none of them, apparently having worked. There was a diaper and a nightgown and a woolly dog on the kitchen floor and a diaper thrown over a chair. There was another diaper in the hall and a heap of them and two rattles in the middle of the dining room rug.

She found her husband and the baby in the living room. Her husband looked a little as though a tornado had been and gone. Her daughter lay on a pile of towels by the fire—stark naked.

"It's no use putting clothes on her," declared the husband with haggard but final logic. "She just keeps on getting them dirty."

**CONTINUATION OF  
CHANGES IN TOWN TRAFFIC  
REGULATIONS PROPOSED**  
Continued from Page 1

and filed.  
On motion of Councilor Tully, that Report of Fire, Light and Utility Committee, on proposed White Way Lighting of business section of Town, be accepted by Council and that the recommendations contained therein be approved.  
To the Mayor and Council  
Town of Wainwright  
Your Committee on Fire, Light and Utilities beg to report as follows:  
In accordance with motion passed at Council Meeting held on October 21st, 1947, dealing with proposed "White Way Lighting" of Main Street as between Avenues One and

Four and Second Avenue West, between Main Street and Queen street, we would submit as follows:  
From information received from Calgary Power Ltd., it is found that this proposed system of lighting would exceed the cost already borne by this area in the sum of \$61.00 per month or at the rate of \$612.00 per year.  
Having in mind the poor lighting conditions, or absence of street lights, in several parts of the Town under the prevailing set-up, we would not be in favor of the proposed change of system in the business area being met out of current revenue.  
We would recommend that a canvas be taken of all business men to benefit under this proposed scheme and information procured as to whether they would commit themselves to

making a pro-rata quarterly payment to liquidate the extra cost involved in the operation of this "White Way". Since this proposed lighting will be of primary benefit to the business section of the Town, we suggest that the Wainwright and District Board of Trade take this matter in hand and make a complete report to Council for further consideration.  
Respectfully submitted,  
L. C. TULLY,  
Acting Chairman - Fire, Light and Utilities Committee.  
On motion of Councilor Tully, that letter from Hadden & Miles and Dairy Industry Supply, relative to water pressure tank, be received and filed.  
On motion of Councilor Tully, that the time of this meeting be extended until 11:30 p.m.  
On motion of Councilor Coleman,

that the Report of Corporal D. H. Beeching, RCMP, on traffic regulations for the Town of Wainwright, be approved by Council, and the Secretary instructed to prepare amendments to By-Law No. 271, in conformity with same, for consideration of Council.  
On motion of Councilor Stafford, that the Tender of Mr. Samuel Smith to operate Town Skating Rink as caretaker for the season of 1947-48, be accepted by Council and that the Secretary be requested to prepare a contract accordingly.  
On motion of Councilor Stafford, that assent be given to the introduction of a By-Law concerning the sale of Lots 15 and 16 in Block 11, Plan 9445-V, to Edwin B. Nordstrom of Wainwright, for the sum of \$600.  
By-Law Number 47-48 received its adjourned.

**WELL ABOVE AVERAGE**

The monthly report by Elliott-Haynes survey once again reveals the national popularity of programs carried by CJCA. Based on 15 key markets the top ten daytime programs in order of popularity are: Happy Gang, Ma Perkins, Big Sister, Pepper Young, Right to Happiness, Life Can Be Beautiful, Road of Life, Claire Wallace, Lucy Linton and Laura Limited.

Evening programs are listed as follows—Lux Radio Theatre, Charlie McCarthy, McGee and Molly, Fred Allen, Ozzie and Harriet, Amos 'n Andy, Corliss Archer, Take It or Leave It, Kraft Music Hall and Bob Hope.

All ten daytime programs are on CJCA as well as the top six plus the ninth programs on the evening list. Of the 17, CJCA programs rated on a national scale CJCA's ratings on 13 far exceed the national average; three are slightly below and one (Ozzie and Harriet) has no local rating available.

The real eye-opener, however, is the fact that among the evening programs CJCA has six local productions, eight described dramatic productions and nine other network shows (besides the above) which have ratings large enough to be included in the "top-ten" category. They have ratings above the national averages listed.

In the daytime schedule the picture is equally impressive with eleven local, two transcriptions and one network show enjoying a "top-ten" rating, based on the Elliott-Haynes national report.

**CONTINUATION OF  
B OF M PRESENT  
FINANCIAL STATEMENT**  
(continued from page 1)

**DEPOSITS AT NEW HIGH**  
Deposits of \$1,780,000,000, again set an all-time high, showing an increase of \$47,000,000 over the previous year, and demonstrating the way in which Canadians are endeavoring to meet the danger of inflation.

This statement of Canada's senior financial institution reflects the general trend of business activity throughout the country. For example commercial loans increased by 30 percent, denoting the nation's expanding production. The financing of this expansion has been accompanied by a reduction of holdings of government and other public securities, which now stand at \$907,000,000.

Heightened industrial activity brought about by the increasing production of peacetime goods found the bank participating to a much greater extent in commercial financing with holdings of industrial bonds and debentures increased from \$46,000,000 in 1946 to \$96,000,000 for the year ended October 31, 1947.

Enlargement of the bank's facilities through the construction of new branches and the renovation of premises in various parts of Canada is a substantial rise in the value of its premises which, at \$13,000,000 has increased by nearly three million dollars.

All of these factors add up to give the bank resources of \$1,996,000,000. This figure exceeds its obligations to the public by \$81,076,000.

**GRAPHIC EARNINGS STATEMENT**

Another innovation in the report is the earnings statement which gives in detail—down to the fraction of the cent—the distribution made of the year's earnings in relation to the shareholders' invested dollar.

After paying all overhead expenses including staff salaries, bonuses and contributions to the pension fund, and after making provision for contingencies, and for depreciation of bank premises, furniture and equipment, the B of M reports earnings for the year amounting to \$9,579,285.29. To provide for Dominion and Provincial taxes, the bank set aside \$4,156,000 leaving net earnings of \$5,423,285.29 compared with \$4,487,782 last year. Of this \$5,423,285.29 was distributed to shareholders, with the balance of \$1,267,285.29 transferred to the profit and loss account.

On each dollar of the shareholders' money invested in the Bank of Montreal, the bank earned 11.81 cents in 1947. Of this 5.12 cents were paid in taxes, 4.43 cents went to shareholders and the remaining 2.26 cents went to surplus.

star of  
**KRAFT MUSIC HALL**  
7 p.m. Thursdays  
**CJCA**

**AUBURNDALE**

The Alberta Farmers Union held their annual meeting in the Autumn Leaf school house on Monday, November 17th, with the president Mr. Lloyd F. Everett in the chair. New officers elected were: President, Mr. V. (Red) Arthur; Vice President, Mr. John Hyden; Sec.-Treas., Mr. Hardy West. The proceeds of the picnic held last July were turned over to the skating rink executive, W. Hyden, the amount being approximately \$50. This money will be used to help put the local rink in shape. The District Director Mr. G. Tindall addressed the meeting, twenty members being present. Mr. Tindall gave a report on the last Farmers' Non-delivery Strike and pointed out that it was advantageous to the farmers in obtaining for them a seat on the Agricultural Prices Support Board and in several other ways.

Mrs. Dave Bury, although she is still in the Vermilion hospital owing to a blood clot on one of her lungs, is we are glad to report, improving in health.

The Cleland family, Mrs. Cleland, Willie, Harold and Albert are away at present visiting their sister and brother-in-law (also son in law) Mr. and Mrs. Dan Richardson and family at Flat Bush, Alberta. They made the trip by car and expect to be gone about a week. Eddie Fraser is looking after the Cleland place and livestock while the family are away.

Mr. and Mrs. Angus Fraser have left their farm home here to live in their town home in Wainwright. What can anyone get in a town home that cannot be obtained in a farm home in these days with modern conveniences, cars, telephones and radio?

I always think a lonely, deserted farm home is a depressing sight. The place seems to be calling out for the warmth of life and activity which it knew before, and as I look at the old place I wonder if there is still any dog or cat hovering around the old home at milking time waiting for the milk that doesn't come any more or waiting at the door that used to open but never opens now, and no doubt wondering what has become of the folks; but I am confident that most people are kind and provide for their animal pets.

A year or two ago I was able to count eight vacant farm homes here within a radius of four miles, all good, habitable houses, some of which have been vacant for years, and while three of these houses have been moved to town to be set up as residences there, the others are still vacant and two or three more farm homes here have been vacated recently.

Why cannot farm homes be built closer together so that people could run in and visit their neighbors at any time as they do in towns? In these days of power farming there is no need to have the farm home right in the centre of the farmer's land. One grandmother here with a good modern home, although she has two married sons with grandchildren, who also have modern homes, each about a mile from her and from one another tells me that she gets so lonely at times that she thinks she may have to move to town. If this family, composed of three family groups, had built their three homes a comfortable walking distance apart for toddlers and old folks in all weathers, instead of over a mile apart, grandma would never need to complain of being lonely.

**More than a Million Canadians**  
**WROTE**  
**THIS BILLION-DOLLAR STORY**

Everywhere in Canada—in villages, towns, metropolitan centres—you can find them.  
They are the people—1,500,000 strong—in every walk of life who are building their futures and doing their day-to-day financing by saving or borrowing at the Bank of Montreal.  
Every member of this B of M family has a hand in building the resources of the Bank while he builds his own future. These resources, which amount to nearly two billion dollars, exist almost entirely because of the balances these people can show you in their B of M passbooks.  
This money does not stand idle... it works constantly for the building of the nation.  
Here is the money that makes the wheels of commerce turn... that helps the farmer garner his crops... that helps the lumberman buy equipment and pay his men.  
Here are the dollars that enable the Bank to make more than 500 personal loans every business day of the year to men and women who need money to meet emergencies and take advantage of opportunities.

**MY BANK B of M Reporting**

**THE FACTS BEHIND THE FIGURES**

**WHAT THE B OF M HAS TO MEET ITS OBLIGATIONS:**

|  |                           |
|--|---------------------------|
| <b>CASH:</b> The B of M has cash in its vaults and money on deposit with the Bank of Canada amounting to   | \$ 203,696,837.09         |
| <b>MONEY</b> in the form of notes, cheques on, and deposits with other banks.  | 136,768,245.48            |
| <b>INVESTMENTS:</b> The B of M has close to one billion dollars invested in high-grade government bonds and other public securities, which have a ready market. Listed on the Bank's books at a figure not greater than their market value, they amount to   | 997,888,826.81            |
| The B of M has other bonds, debentures and stocks, representing to some extent the extension of credit to industrial enterprises for reconstruction and for expansion of productive facilities in established fields. Valued at no more than the market price, they amount to  | 96,866,538.43             |
| <b>CALL LOANS:</b> The B of M has call loans which are fully protected by quickly saleable securities. These loans amount to   | 56,807,209.71             |
| <b>QUICKLY AVAILABLE RESOURCES:</b> The resources listed above, all of which can quickly be turned into cash, cover 78.79% of all that the Bank owes to the public. These "quick assets" amount to   | \$1,452,037,658.28        |
| <b>LOANS:</b> During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind, including housing and construction—to farmers, fishermen, lumbermen and ranchers—to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans now amount to | 421,704,063.46            |
| <b>BANK BUILDINGS:</b> In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at more than 500 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at  | 13,276,623.00             |
| <b>OTHER ASSETS:</b> These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions.  | 31,396,960.45             |
| <b>TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS</b>  | <b>\$1,898,405,305.19</b> |

**WHAT THE B OF M OWES TO OTHERS:**

|  |                           |
|--|---------------------------|
| <b>DEPOSITS:</b> While many business firms, manufacturers, merchants, farmers and people in every type of business have large deposits with the B of M, the bulk of the money on deposit with the Bank is the savings of more than a million private citizens. The total of all deposits is                                | \$1,783,441,647.51        |
| <b>BANK NOTES:</b> B of M bills in circulation, which are payable on presentation, amount to   | 4,783,548.00              |
| <b>OTHER LIABILITIES:</b> Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions.   | 29,100,558.78             |
| <b>TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS</b>   | <b>\$1,817,325,754.09</b> |
| <b>TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO</b>   | <b>1,898,405,305.19</b>   |
| <b>WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO</b>  | <b>\$ 81,079,551.10</b>   |
| This figure of \$81,079,551.10 is made up of money subscribed by the shareholders and, to some extent, of profits which have from time to time been ploughed back into the business to broaden the Bank's services and to give added protection for the depositors.  |                           |
| <b>EARNINGS:</b> After paying all overhead expenses, including staff salaries, bonuses and contributions to the Pension Fund, and after making provision for contingencies, and for depreciation of bank premises, furniture and equipment, the B of M reports earnings for the twelve months ended October 31st, 1947, of | \$ 9,579,285.29           |
| Provision for Dominion Income and Excess Profits Taxes and Provincial Taxes  | 4,156,000.00              |
| Leaving Net Earnings of  | \$ 5,423,285.29           |
| This amount was distributed as follows:  |                           |
| Dividends to Shareholders  | \$ 3,600,000.00           |
| Balance to Profit and Loss Account   | 1,823,285.29              |
| <b>B of M EARNINGS ON THE SHAREHOLDERS' INVESTMENT</b>   |                           |
| On each dollar of the shareholders' money invested in the Bank of Montreal, the Bank earned 11.81 cents in 1947.   |                           |
| To TAXES   | 5.12 cents                |
| To SHAREHOLDERS  | 4.43 cents                |
| To SURPLUS   | 2.26 cents                |

## NOTICE

**TOWN OF WAINWRIGHT**  
Notice is hereby given under the provisions of Section 108 of The Town and Village Act, that the Voters' List of the Town of Wainwright has been prepared and that a copy of the said Voters' List is posted in the office of the Secretary-Treasurer.

The posted list is open to inspection during the business hours, any qualified elector or resident may make application for correction of any error or omission by serving notice on the Secretary-Treasurer in writing on or before the 1st day of December.

Dated at Wainwright, Alberta, this 10th day of November, 1947.

DON PAWSEY,  
Secretary-Treasurer

CONTINUATION OF  
BUSINESSMAN AND CONSUMER  
RAFFLE BY NEW TARIFF  
ORDER

Continued from Page 1.  
U.S. are to be banned from entering Canada, hence they will be non-existent.

Appliances will be greatly increased in price due to the new excise tax which has been placed upon them amounting to 25%.

Other items such as pulp magazines, fresh fruits, vegetables, citrus fruits, nuts etc. imported from the States are to be cut off the Canadian market as soon as the available supply is exhausted. The goods no doubt will be allowed on a quota basis at a date not set by the government. Oranges and grapefruit will definitely be scarce this year than before.

## HEATH

Mr. and Mrs. H. C. Cockford left the end of last week to spend the winter months in Vancouver. En route they visited relatives in Edmonton.

Miss Doreen Woodward of Wainwright spent last week visiting at the Sourthier home.

Mr. Robt. Hubert left for Calgary on Monday morning's bus, from there he will go to Borden, Sask. for special training during the winter. Mrs. Herbert will remain here during Bob's stay at Borden.

Meazura, J. W. Ford, P. M. Ford, P. S. Ford and Neil MacFarlane returned home last week from a hunting trip in the country west of here.

Mrs. Robt. Jones spent part of last week in Edmonton receiving medical treatment.

St. Patrick's W.A. is holding its regular monthly meeting at the home of Mrs. A. Patterson on Thursday, November 27th at 2:00 p.m. At this meeting final arrangements will be made for the children's supper to be held at the home of Mr. and Mrs. P. M. Ford on the following Friday evening, November 28th.

Mr. Vernon Peterson of Irma visited at the home of his brother-in-law and sister Mr. and Mrs. H. Buck last week before leaving to spend the winter months at the coast.

Mr. and Mrs. Sam Wiley left last week for Edmonton where they plan to spend a couple of weeks visiting at the home of their son-in-law and daughter Mr. and Mrs. R. Smith.

Mrs. H. H. Smith was a week-end visitor to Edmonton.
